

The Middle East Facility Management Association (MEFMA), is looking to create stronger ties and awareness among its members through its (Member of the Month) program. The initiative highlights a chosen member and the contributions that they have made in the move to further promote the FM industry-including the member's initiatives, CSR activities and value additions offered to their customers.

Strategic Corporate Members since 2010

“Our experience in the FM & Energy industry in the region has shown that a customer-centric and shared value approach are the key to successful long-term partnerships, especially in the field of energy efficiency. A great proof point for this win-win scenario is our Framework Agreement with Majid Al Futtaim Retail, operating Carrefour across the region.”

Global FM Silver Award

Enova's year 2018 was prominently characterized by the digital transformation of its FM & Energy solutions, focusing on innovation, efficiency and competitiveness. A suite of seamlessly interconnected digital tools and services, including dashboards and two mobile applications, was implemented in the region and the success story culminated in the win of the Global FM Silver Award through MEFMA.
